Thanks Patrick. I am assuming that we did not hear anything from the mining association on what they would like to hear from Greg. I am removing that slide from the side deck. Also, PM2.5 SIP approval for Provo and SLC published today. So changed the presentation to reflect that that the 30 day comment period ends on 12/7. Please find attached the revised presentation.

Greg,

Could you please quickly take a look at the presentation and let us know if you want anything to be changed. Patrick will be submitting the presentation to UMA today after we hear from you.

Sincerely,
